

# LEARNFLEX™ CONNECT

**LearnFlex™**  
▶ **Connect**

LearnFlex™ Connect is an out of the box social networking and collaboration platform that integrates seamlessly to LearnFlex™ – Learning Service Provider (LSP) edition. This means that you can get your own fully configurable system, without having to connect into another organization's social networking platform. This seamless integration helps reduce partnership and integration complexities.

Since you control the data with LearnFlex™ Connect, you don't need to worry about privacy issues. With this centralized and secure operation, you can feel confident that your data won't accidentally be shared with external users on a public social media site. In addition, LearnFlex™ LSP will manage your user hierarchy ensuring single sign on to LearnFlex™ Connect whether you have a simple or complex organizational structure within your instance of LearnFlex™.

A screenshot of the LearnFlex Connect web interface. The header features the LearnFlex Connect logo, a search bar, and navigation links for home, articles, forums, blogs, videos, events, wiki, spaces, people, login, and register. The main content area includes a featured article titled 'Collaborative Learning Program' with a timestamp of 6/19/2010 2:53:00 PM. Below this are sections for 'Top Contributors' with filters for All time, Last 30 days, This week, and Today, and 'Latest Forum Posts'. A 'What's New' section at the bottom shows recent activity, including a post by 'admin' on 8/2/2010 and a new forum 'SCORM' created on 7/28/2010.
